

AUSSIE MATE

Aussie Mate

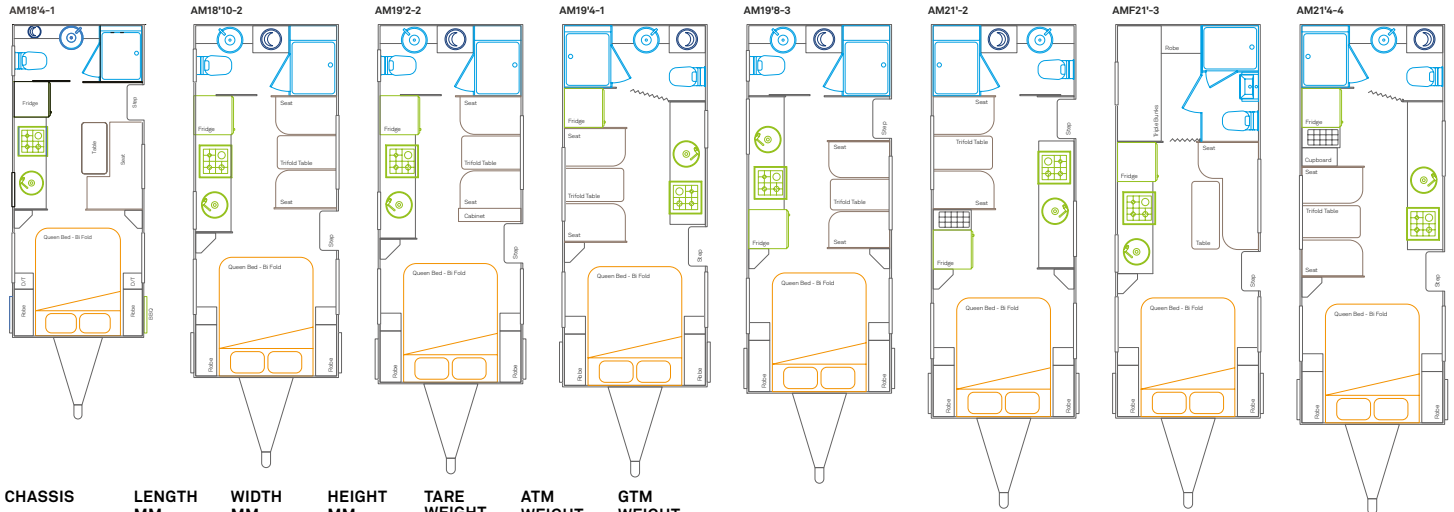

The ultimate in off-road caravanning

Part of our off-roader series of caravans field tested in some of the most hostile environments Australia has to offer, the Aussie Mate is appointed with new levels of refinement not seen on any all-terrain vehicle before and boasting all the gadgets one would expect for extended travel and isolation, we believe it's the perfect fusion of sophistication and good old-fashioned ruggedness.

Available in a range of layouts, The Aussie Mate is equipped with the patented G&S Control ride tandem off-road chassis, a 95L fresh water tank with stone guards, a 12-volt pressurized water system, 13 air-conditioning and 2 x 150w solar panels for that extra piece of mind while the interior boasts soft touch leather furnishings, high-quality finishings throughout and all the latest appliances including the 184 Lt Theftord refrigerator.

The Aussie Mate. Ruggedly handsome on the outside, soft on the inside.
