

RAPTOR

Raptor

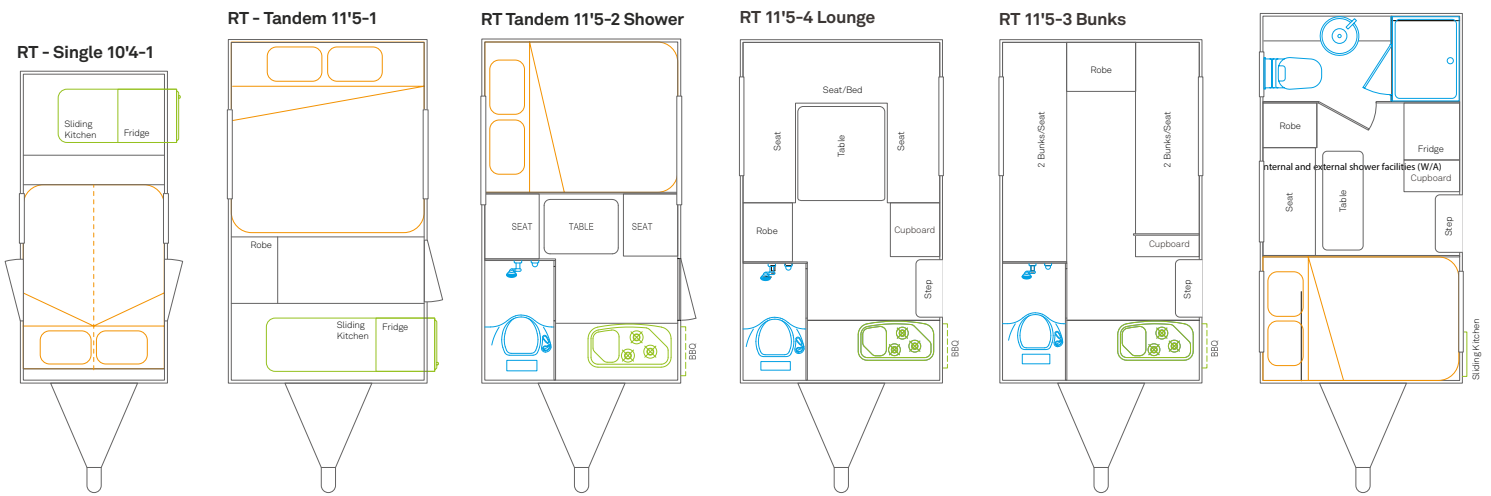

The Raptor. Engineered to perform.

The Raptor is our newest caravan specifically designed and engineered for an adventure holiday in the tough outdoors. Combining a touch of luxury with the versatility of a trailer, the Raptor is encircled by a ten point roll bar that is fully customizable and can incorporate additional roof top storage options for kayaks, dinghies and all your fishing equipment while the area above the draw bar has options for a front loading tray specifically designed for a quad-bike or a dual motor-cross/dirt bike hitch carrier with loading ramp & cargo baskets.

Not to be outdone by it's larger cousins, the Raptor comes standard with ample internal storage areas, generous sleeping quarters, a slide out kitchen with twin gas bottles, Internal and external shower facilities (W/A) with a 95lt water tank and a 150 Watt solar panel for maximum power generating to ensure the Raptor is the perfect van for that adventure weekend away.

The Raptor. Let's get going!
